Proudly Australian made and exported

Mirage 3050™ Perimeter framed pivoting shower screen system with frameless door

MIRAGE 3050™ features rounded convex profile with fully recessed glazing channel outer frame design

Exceptional Value

Indulge your imagination and create an absolute premium bathroom design at a surprisingly affordable price.

Adjustment

Provides up to 15mm jamb adjustment for out-of-square walls for ease of installation and further cost savings.

Handle Selection

An extensive range of handles are available in your choice of either clear acrylic, brass, aluminium powder coated and gold or chrome plated finishes.

Components

Component and design features combine to provide convenience and colour co-ordination.

- Snap Caps
- Patented Pivot Mechanism
- Anti-bacterial clear (ie. frost) and colour matched glazing vinyl
- Pivot Clamp System

Water Resistance

MIRAGE 3050™ can be specially made to include magnetic and/or non-magnetic seal closures, maximising water splash resistance so your bathroom remains drier and safer.

Frameless Patented Pivot Mechanism

Unique pivot design allows for a totally frameless door. Utilising a stainless steel pivot pin, the MIRAGE 3050™ Shower Screen System features a 'positive close' low friction design mechanism, providing the benefit of whisper-quiet and trouble free operation.

The 'lowering' effect of the design automatically reduces the gap between door and sill on door closure, which further assists with the minimisation of external splashing and improved water resistance.

Over 180° of door swing is possible, enabling both inward and outward opening if required, providing maximum use of bathroom area.

Glass Size

Designed specifically for use with 6mm toughened glass.

Low Maintenance

Smooth contoured profiles minimise soap and residue accumulation, reducing the need for cleaning.

Design Flexibility

MIRAGE 3050™ Shower Screen Systems can be designed for installation into most bathrooms. Ask your distributor for advice on a design to suit your needs.

Safety

MIRAGE 3050™ Shower Screen Systems are glazed to comply with the requirements of Australian Standards AS2208 and AS1288.

Colour Selection

Special colours available on request.
